🔗 Portfolio

Skills

HTML5 | CSS3 | SCSS | JavaScript | TypeScript | Bootstrap | TailwindCSS | Restful APIs | JSONJest
Webpack | React.js | Redux | Next.js | Node.js | Nest.js | Express.js | MongoDB | JWT
Responsive Design | Git | GitHub | Agile/Scrum | Problem-Solving | Collaboration | Communication
Creativity | Adaptability | Time Management | Attention to Detail | Continuous Learning

Professional Experience

Chief technology officer, Golden Hornet [🔗](#)

12/2022 – 11/2023

Cairo, Egypt

- Formulated and executed a comprehensive technology strategy, deploying cutting-edge technologies to overhaul systems, restructuring, and optimizing the landscape, resulting in a 35% reduction in operational costs over a year.
- Crafted an architectural roadmap aligned with current infrastructure and future objectives, overseeing the development of a large-scale agile platform for accelerated feature releases. Orchestrated the successful integration of 25+ technologies into the platform.
- Oversaw and directed a team of 20+ technology professionals, ensuring the timely and budget-friendly delivery of projects while maintaining high-quality standards.
- Spearheaded the implementation of robust cybersecurity measures, achieving a 30% reduction in security incidents and safeguarding the integrity and confidentiality of sensitive data.

Head Web Team | Web Instructor, IEEE Obour Institutes [🔗](#)

09/2022 – 09/2023

Cairo, Egypt

- Pioneered and implemented a web design and development curriculum for students aged 19-25, covering HTML, CSS, and JavaScript coding. Utilized engaging instructional methods to foster an inspiring learning environment.
- Monitored student progress through advanced online analytics systems, resulting in a 40% surge in satisfaction ratings and a subsequent 56% improvement in overall performance.
- Streamlined the web development and design curriculum by 30%, reducing completion time to 8 weeks, enhancing efficiency in skill acquisition.
- Spearheaded and executed a student internship program, providing hands-on experience in real-world web development projects, fostering practical skills application.

Front End Web Developer, Exception Designs

04/2021 – 09/2022

Cairo, Egypt

- Created comprehensive front-end solutions for multiple web applications, resulting in a 20% reduction in development time.
- Improved ReactJS components, utilizing TypeScript, HTML, and CSS to increase performance. Leveraged Redux for efficient state management across the application.
- Enhanced web page speed by 30% through optimization techniques such as minification, image optimization, and caching.
- Collaborated with cross-functional teams to implement responsive design principles, ensuring seamless user experiences across various devices and platforms.

Education

Obour Institutes, Bachelor of computer science [🔗](#)

2020 – present

Cairo, Egypt

Certificates

Agile

Information Technology Institute (ITI)

Galactic Problem-Solver

NASA International Space Apps Challenge

Certificate of appreciation

Google Developer Student Clubs MTI University

Certificate of appreciation

IEEE Helwan
