📇 SUMMARY

Motivated full-stack developer (3+ years) seeking to create innovative web solutions for your company. Skilled in ReactJS, Next.js, Node.js, and MongoDB. Delivered secure, high-performing apps, boosting conversions 20% and performance 30%. Collaborative & problem-solver.

💼 PROFESSIONAL EXPERIENCE

Chief technology officer, Golden Hornet 🔗   Dec 2022 – Nov 2023 / Cairo, Egypt
- Led and executed tech strategy to deploy state-of-the-art technologies, restructure and optimize systems landscape, and reduce operational costs by 35% over a year period
- Developed an architectural roadmap based on existing infrastructure and future goals, implemented a new large-scale agile platform for faster feature release, and facilitated successful integration of 25+ technologies into the platform
- Led team of 20+ technology professionals to successfully deliver projects on time and budget, meeting all quality and safety standards

Head Web Team | Web Instructor, IEEE Obour Institutes 🔗   Sep 2022 – Sep 2023 / Cairo, Egypt
- Pioneered and implemented a dynamic web design and development curriculum for students aged 19-25, encompassing HTML, CSS, and JavaScript coding. Leveraged engaging, practical instructional methods to foster a passionate learning environment
- Monitored student progress through robust online analytics systems, resulting in a 40% surge in satisfaction ratings and a subsequent 56% improvement in overall performance
- Streamlined the web development and design curriculum by 30%, slashing completion time to a mere 8 weeks

Front End Web Developer, Exception Designs   Apr 2021 – Sep 2022 / Cairo, Egypt
- Created comprehensive front-end solutions for multiple web applications, resulting in a 20% reduction in development time
- Improved ReactJS components, utilizing TypeScript, HTML, and CSS to increase performance. Utilized Redux to manage state across the application
- Increased web page speed by 30% with optimization techniques such as minification, image optimization, and caching
